- **Step 2:** Your computer will download the Zoom launcher file (it's quick to download)
- **Step 3:** Click and install the Zoom launcher file (The Zoom programme should automatically start)

- **Step 4:** Once the Zoom meeting window pops up, click on the **Join with Computer Audio** button

- **Step 5:** You have now successfully joined the Meeting. Please click on the **Mute** button at the bottom of the zoom call window so as not to have background noise. Under the **Manage Participants** tab you will be able to raise your hand if you need to catch the attention of the host.
